JOB No. 6517

PROJECT:

S.W.F.C.

DATE: 27/6/85

TO: 728

FROM: Inspector Calvert

He has looked at our drawing of
proposal

1) Could personnel doors be fitted into the
two new walls. Don't see why not.

[Not a bad idea otherwise ground
staff have to go all way round of
they need to go from one side of island
to the other]

2) Wants central radial fence in addition
to the one 2m away from R.H. fence.
Don't necessarily agree. He said that
Inspector Halsey & Dick said yes.

3) Gate in perimeter fence between 2m gap
OK.
